The banks and the post-office observed Memorial Day.

Business on the railroad continues most unusually dull.

The gleaners will meet with Mrs. Frank Mullin Thursday afternoon.

B. N. BROWN.

Born—To Mr. and Mrs. Leslie Yount, Ironton, Mo., Sunday, May 28, 1911, a 11 pound boy. All are well.

Never when we had licensed saloons in Ironton was there as much beer sold in the valley as at the present time.

The cobblestone bungalow at the Arcadia Country Club has been completed. It is quite an attractive structure.

Work has not yet been resumed on the dam at the Country Club. No one seems to know the real cause of the suspension.

FOR SALE—A good Work Mule, Lumber Wagon and Double-Chain Harness. Inquire at Mrs. Ferdinand's one mile west of Ironton.

Lawn mowers are not saws. They haven't any teeth, so don't file them. Have them ground.

NUP-CED MARKS.

Mr. Curtis Hill, state highway engineer, will be here this week to give his views with reference to building the new road around Shepherd Mountain.

We are glad to be able to state that some work will be done on the streets and bridges in the near future. The rains in April played havoc with our streets.

Because of the prolonged drouth the local strawberry crop has been little short of a failure. The yield is very short and the quality by no means up to the standard.

Called meeting of Midian R. A. Chapter, No. 71, Saturday, June 3d, 1911, at one o'clock P. M. Work in all degrees.

WM. R. EDGAR, H. P.

Our young friend, Paul Montgomery Patton, will be one of the graduates at the Benton Law School, St. Louis, Thursday evening, June 1st.

The Weather Clerk seemingly is in alliance with the High Cost of Living. This combination may not, in the light of reason, be unlawful, but it certainly contravenes the public welfare.

Mrs. Mary Wingham, who has had charge of the schools at West Plains for a number of years past, will leave there this year to go to New Mexico where she will take charge of a large school.

A. M. Trauernicht Monday began work as agent and yardmaster for the Bonne Terre road at Rivermines. Mr. Trauernicht has ninety days' leave of the Iron Mountain to see how he likes the new job.

Religious Memorial Day services were held at Pilot Knob Sunday afternoon and at Ironton at night. Tuesday afternoon the graves of the blue and gray were decorated. The Boys' Band made music for the latter occasion.

Having decided to remain at home, I wish to inform old friends and others that I have opened up my tin shop at the old stand, south of the courthouse, next to Whitworth's hardware store.

J. N. BISHOP.

The store of W. O. Huff and post-office at Chloride was burglarized Sunday night. A few stamps and some goods were taken out of the store. This is the second time the place has been burglarized in the past two months.

Rev. Mr. Edwards, having postponed his visit to Hillsboro, will conduct services in the Presbyterian church of Ironton next Sunday morning and evening. June 4th, at the usual hours. He will also preach at Pilot Knob at 3:15 P. M. the same day.

H. S. Whitener rode a horse to Ironton, on Tuesday of this week, looking after business. He spends five days of every week over there and says every thing is booming over at Arcadia. He is building a swimming pool over on Arcadia Heights. The pool is being made in solid porphyry, and will be six feet deep and 30x30 feet.—St. Francis County Republican.

Josephine Russell, a well known colored woman who has lived in Ironton many years, died quite suddenly Tuesday evening. Her daughter, Bee, teacher of the Ironton colored school, had been out for the evening, and on returning home found her mother sitting up on a sofa, dead.

Judge W. S. C. Walker took his daughter, Miss Rose Walker, to St. Louis Tuesday to have her eyes fitted by an expert, with glasses. His niece, Miss John E. Walker, who spent the past two seasons here, in the Kennett schools, went home at the same time.—Dunklin Democrat.

Work was begun Monday on the tabernacle to be erected on "Epworth Among the Hills." The structural work will be of steel and the roof of tiling. The seating capacity will be about 1500 and the cost in the neighborhood of \$3,500. Mr. Chas. J. Tual is the contractor. The edifice is to be completed in time for the opening of the Assembly, July 18th.

H. M. Blossom, President of the Insurance Agency Company, St. Louis, was in the Valley a few short hours Tuesday. He came to attend the meeting of the Business Men's League under the mis-information that it was called for Tuesday evening. He returned home on the 4:20 train that day, but will be on hand Thursday evening if conditions permit. I hope they may be favorable.

For the occasion of the Golden Jubilee and Home-Coming at Poplar Bluff, June 8th-10th, round-trip tickets will be sold from Ironton for \$3.15. Tickets on sale June 7th, 8th and 9th, with final return limit June 12th. A special train will leave De Soto at 6 A. M., June 7th, 8th and 9th, reaching Poplar Bluff 10:30 o'clock. Returning will leave Poplar Bluff at 9 P. M. C. E. DOWNEY, Agent.

In speaking of the recent examination conducted by the state board of law examiners the Jefferson City News says: "Another Jefferson City man who passed the examinations successfully was Holland R. Polak, stenographer to Judge C. Brown. Polak, like Patterson, absorbed his law while serving as court stenographer in Southeast Missouri and by reading law in leisure hours. Polak is a naval veteran of the Spanish-American war and served in Dewey's squadron which routed the Spanish fleet at Manila. He formerly resided at St. Louis and was engaged for a time in repertorial work."

Mr. Delano tells us that the month of May just terminating is the hottest and driest of which he has any record in the past thirty-three years. The driest May heretofore was sometime in the eighties when the precipitation was .47 of an inch. This year it has hardly been a fourth as much. The prolonged drouth has, of course, done much damage. Probably the meadows and oats have suffered most. The gardens are badly damaged, too. Since Sunday there has been much indication of rain and that evening there were good showers north and west of us. Early Wednesday morning there was barely enough rain to lay the dust, but the prospects are that there is more coming. Let us hope.

The Republic, in its war reminiscences of "fifty years ago," last Sunday made reference to the seizure of lead in Ironton by a company of Federal troops from St. Louis. The lead was stored under the porch of the old Ironton House. A part of it had been carried south in wagons before the troops arrived and arrangements were made for the removal of the remainder; but the coming of the soldiers interfered with the project. Disregarding all protests, they seized the lead and shipped it to the city. Great excitement attended the event, but no clash of arms resulted. As my venerable friend, Solomon Brill, used to say, quoting an old-time acquaintance, "Them was prelatinating times and a fellow hardly knew which direction to go!"

The preliminary examination of Drew Pitts and his son, Jonas, for the killing of James Butler and his daughter, Edie, near Bibby, Mo., on May 13th, was held before Squire Rasche Saturday. The evidence was about the same as the story printed in the REGISTER. Pitts' daughter, however, testified that the trouble began by her father ordering her to go out and whip the Butler girl. The only witnesses to the shooting were the immediate members of the defendant's family. John Henry Chandler and Ike Hetrick were about three hundred yards away but could not tell what was said by either parties. After hearing the evidence Squire Rasche held Drew Pitts for the grand jury in the sum of \$2500 in each case. His son, Jonas, was discharged. The case will be presented to the special grand jury which meets June 22d.

Dan Thurman, aged about 27 years, may become totally blind as a result of a gun back-bling on him while he was attempting to shoot German carp in Iron Mountain lake on Thursday of last week. When Thurman was but a mere lad he had his right eye destroyed by particles of a cap from an old army musket flying into it. While trying to shoot fish in the lake at Iron Mountain on Thursday of last week the gun back-fired and a portion of the shell struck him in the left eye badly puncturing the eyeball. He was brought to Dr. Smith, who is treating him. The doctor says he might possibly be able to save a portion of the sight, but is not at all certain of it. The case is a particularly sad one. Thurman has no means whatever. Yesterday Mr. Smolinger brought him \$30 contributed by the boys at Iron Mountain.—Farmington News.

The Rev. J. G. Reynolds, for ten years pastor of the First Presbyterian church of Madison, will preach his farewell sermon tomorrow, and will depart for Ellington Monday evening, where he has been called to the pulpit of the First Presbyterian church. His text will be "My God Shall Supply All Your Needs." The Rev. H. M. Thomas, pastor of the Baden and Jennings Presbyterian churches of St. Louis, has accepted the call by the Madison congregation, and will address his congregation the first time June 4. From a congregation of twenty-four members Mr. Reynolds built up his flock to more than 100, and his departure from Madison causes much regret. He says his reason for leaving Madison is that he feels it his duty to enlighten a larger number of persons. Although Mr. Reynolds will give up his pulpit in Madison, he will continue to edit the International Sunday School Lesson, which is a feature of a local magazine. At a farewell reception Wednesday evening an umbrella was presented to him and a berry spoon to his wife, as tokens of the esteem in which they were held by the members of the church.—St. Louis Republic.

Three Poplar Bluffs, Mrs. Luther Snyder and four-year-old son, Ray, and Master Lester Massingham are now in St. Louis at the Pasture Institute as result of having been bitten by a mad dog, and it is said that Pleasant and Ireland Phelan and Ethel Whitmer were also bitten and possibly others. A three-month-old bird pup belonging to Luther Snyder, which bit the parties, died Saturday morning and Saturday night Snyder and his wife and son departed for St. Louis, taking the body of the dog. When examined in St. Louis, it was announced that the dog was mad. This information was telegraphed to Mrs. Geo. Newton, mother of Mrs. Snyder, who departed for St. Louis at once, taking with her Lester Massingham, her nephew, who had also been bitten. The dog bit the parties during the past week but not until the past few days were the attacks believed any more than the act of a playful pup. No serious results from the misfortune are anticipated as all of those most seriously bitten have gone to the Pasture Institute. Grant Phelan, father of the two boys mentioned, stated this afternoon that they will be sent to St. Louis to-night. (Later) R. V. Williams, Johnnie Mansfield and Pansy Taylor are said to have been bitten. The former has gone to St. Louis and young Mansfield will leave to-night.—Poplar Bluff Republican.

Arcadia News.

Rev. A. M. Seville, a student at Marvin College, Fredericktown, was a visitor in the valley Sunday, and preached at Fort Hill church.

There was considerable racket in town last Saturday evening, said to have been caused by an overdose of beer. The beer business in Arcadia is rapidly producing fruit.

The Children's Day exercises at Fort Hill church on the 21st were much enjoyed by a good audience of interested friends of the little folks. The program was well arranged and carried out. There was not the least hesitation anywhere and all the children did themselves proud, and reflected credit on those who trained them for the occasion. The collection amounted to \$7.87.

Work was begun last Monday morning on the foundation of the tabernacle on the Methodist Encampment grounds. It is to be a steel structure, in octagonal form 86 feet in diameter, with tile roof and storage annex and a platform 18x28 feet. When completed and seated, it will cost about \$3,600. Mr. Chas. Tual will build the tabernacle. This means that the work will be well done and done on time. Now, let lot owners come on with their bungalows.

Mr. Howard A. Butler, of St. Louis, who has charge of the sale of lots on the Methodist Encampment grounds, was in Arcadia last Saturday afternoon with parties from St. Louis, who are intending to buy lots, and we understand he sold three and selected another lot for a man who was not here.

The continued dry weather has about ruined gardens where the soil is not deep and rich. The earlier vegetables are non est. The festive potato bug has greatly aided the drouth in the destruction of the early potato crop. Our oat crop is a dead failure, likewise our crop of English prince feathers and castor beans.

The water in Stout's creek is running so low now that the boys don't use any hook and line any more. They just haul off and go in graveling, and they get the fish, too. The water at Redrock is several feet deep and very clear and at any time of the day, nice fish may be seen gambling about just by way of tempting the boys.

The ice plant is early and late and long and shrill, and regular in its whistles, but it turns out the ice just the same and that is what makes us glad these long hot days. Mr. White seems to understand his business and strictly attend to it. We have known men to prosper who did as Mr. White is doing.

Mrs. Hatten's sister-in-law of Piedmont was visiting in the valley last Sunday.

Mrs. Duncan came down from St. Louis last week and is now at home in her beautiful valley residence. She is the owner of one of the most central and beautiful homes in the Arcadia Valley.

Mr. Jacobs has made quite an improvement in the appearance of his place by building a new fence around the west end of it and cutting away the unsightly old hedge fence that ran straight across the lot. There is no more beautiful building site anywhere than the west end of Mr. Jacob's portion of Fort Hill. The natural scenery around that elevation is not surpassed in this or any other place. That view is just simply superb.

The commencement exercises of Marvin College at Fredericktown will begin on Friday afternoon and continue until Wednesday noon of next week. There are four full course graduates in the class this year besides quite a number in the schools of music and book-keeping. Dr. Ivan Holt, of University City, St. Louis, will preach the Baccalaureate sermon next Sunday. Several persons from the valley will attend the commencement exercises.

The Farmington District Epworth League and Sunday School Conference of the M. E. Church, South, will convene at Elvins, June 19th to 21st. M. Allen and L. F. Aspley as Alternates.

Des Arc Items.

Quite a crowd attended the memorial services at the Des Arc cemetery Sunday. Most of the graves were decorated with beautiful flowers, showing that they had not forgotten their loved ones that are sleeping in the silent grave. Among the visitors attending were: C. Lucy and family, of Bismarck, Mrs. Gussie Pate, of Patterson, Mrs. Parrish and Mrs. Loyd and family, Mr. McKenzie and son, of Piedmont, and several from Brunot. The ministers present were Revs. Odell, Brewer, Seals, Churchill and Cox. Rev. Odell delivered a very appropriate sermon from the 6th chapter of St. John. There were comfortable seats under the trees, which made it very pleasant.

Our old friend, Sam King, died Saturday night and was buried Sunday, in Brush Creek cemetery. He was 79 years old.

Our public school closed a very successful term last week. The Superintendent of Schools was here and delivered the diplomas to the high school graduates. The school closed with exercises at the M. E. church, and there was not standing room for the public. Space will not allow me to give full particulars but will say they all did well. Mr. McKee and Miss Keathley deserve much credit for the success they have had with the school and they will be employed again for the next term.

We are glad to learn that Dr. Geo. Tony has moved his family back to Piedmont and will practice in his old territory. ISAAC.
